

Articulation Agreement to Facilitate the Transfer of Student Credits from the Community College of Allegheny County to Thiel College

Purpose

The purpose of this Articulation Agreement is to facilitate a smooth transition for participating students from an Associate Degree program at the Community College of Allegheny County (CCAC), to Thiel College (Thiel). This transition is based upon the achievement of specified competencies in the student's selected major. Under the terms of the agreement, CCAC and Thiel recognize that:

1. Each institution shall retain its own unique identity in its programs.
2. Students can benefit from an arrangement which specifically defines which courses would still be required of students, upon completing a specific Associate Degree from CCAC, if they desired to pursue a Baccalaureate Degree at Thiel.
3. Each institution also maintains agreements for similar programs with other institutions and neither institution enters into this agreement with exclusivity.
4. Those students seeking to transfer must first satisfy requirements for graduation from their respective program at CCAC.
5. Students must meet all admissions requirements established by Thiel College before any transfer credits will be accepted. Student admission is not guaranteed, but will be better facilitated through this agreement.
6. This agreement must be updated periodically and any significant changes in the programs covered in this articulation agreement must be reported to the other institution promptly.
7. This agreement is based upon the offerings of the respective institutions as of February 2015.

Applicable Programs

This agreement covers articulation between the following programs (although other programs may be added and this agreement updated from periodically):

CCAC Associate Degree:	Articulation into Thiel Degree:
Associate of Science in Business Management	Bachelor of Arts in Business Administration
Associate of Science in Accounting	Bachelor of Arts in Accounting

Administrative Representatives

The designated representatives at each institution shall be as follows:

	CCAC	Thiel College
Signatories	Quintin B. Bullock, D.D.S., President	Troy D. VanAken, Ph.D., President
Academic Representative	Gretchen Mullin-Sawicki, Ph.D., Acting Provost/ Executive Vice President for Academic and Student Affairs	Lynn Franken, Ph.D., VP for Academic Affairs, Dean of the College
Outreach	CCAC Campus Counselors	Jennifer Kelley, Transfer Counselor
Registrar	Diane Jacobs, Ed.D., Registrar	Denise Urey, Registrar

Responsibilities

Students

Students will be encouraged to meet with a Thiel College representative during scheduled visits and/or events at CCAC campuses. Students applying to Thiel College under this agreement must complete the required application process as outlined at <http://www.thiel.edu/admissions/transfer-students>. Applications may be submitted online from the same website. Students will be responsible for providing Thiel's Admissions Office with all required documentation to ensure the transfer of articulated credits to Thiel. Students will be required to register for and attend classes at the locations designated by their course schedule. Tuition shall be charged using the current published rate at the time of registration. This agreement does not address or affect tuition at either institution.

Community College of Allegheny College

As a student nears the completion of his or her Associate Degree at CCAC, designated CCAC representatives will be responsible for offering information about the articulation program with Thiel as an option for students wishing to complete a Baccalaureate Degree. The designated CCAC representative will remain well-versed in the details of the agreement in order to provide the utmost clarity to the students. When initiated by the student, CCAC will facilitate the timely processing of transcript and/or record requests to expedite admission to Thiel. CCAC will be responsible for providing course updates to Thiel College whenever a course is added, eliminated or significantly changed in a manner that might affect the knowledge base of students who may be covered under this agreement. CCAC will also allow the posting of a reasonable number of informational flyers and/or posters promoting the CCAC-Thiel relationship. Posters may include dates during which students may visit with a visiting Thiel College admissions representative.

Thiel College

An admissions representative from Thiel College will be available by phone or e-mail to advise students who are interested in the articulation agreement. Whenever possible, an admissions representative will schedule visits to CCAC campuses and attend campus Transfer Fairs to meet with students. The Admissions Office at Thiel College is responsible for the expedient processing of student applications under this agreement. Thiel College shall accept courses for transfer as defined in the attachments/addendums to this agreement unless otherwise changed, in writing, by both parties to this agreement. In order for a CCAC course to transfer to Thiel, the student must earn a grade of "C" or better, unless otherwise noted in the agreement. CCAC students who have successfully completed an Associate degree will be admitted to Thiel College with junior class standing, provided they completed a minimum of fifty-eight credit hours with a grade of "C-" or better. Thiel College will be responsible for providing its course updates to CCAC whenever an applicable degree program has changed requirements. Students who enter Thiel College under this agreement will be responsible only for the coursework described as of the date of their admission. Subsequent changes to this agreement will not add or remove course requirements for matriculating students.

Review Period

This agreement shall be formally reviewed every three years beginning on the date of signing. The institutions will have 30 days to review the agreement. If no changes are reported, the agreement shall continue for successive years (one year at a time) until the document is amended or until the parties elect to otherwise change or discontinue the agreement.

During the period between reviews, when one institution has identified critical changes which must be made to the agreement, the outreach representative from the respective institution shall contact the other institution to arrange a review. The agreement and addenda can only be changed with an official signature from each institution.

Signatures

We, the undersigned representatives of the institutions, agree to the terms of this articulation agreement for a minimum period of three years after the date of signing.
