

Radiation Therapy Technology Program Outcomes

Program Completion Rate: This is an annual measurement of the number of students that began the program divided by the number of students that completed the program. (Students who complete the program within 150% of the stated program length).

Graduation year	Number of students who entered program	Number of students who graduated	Program completion rate
2013	23	20	87 %
2014	9	8	89 %
2015	21	19	90 %
2016	7	7	100%
2017	17	16	94%
5- year average	Raw data:	70/77	91%

Credentialing Examination Pass Rate: This is the number of students that pass the American Registry of Radiologic Technologists (ARRT) certification examination on the *first* attempt *within six months* of graduation from the program.

Graduation year	Number of students taking ARRT exam	Number passing on first attempt	ARRT exam pass rate
2013	20	18	90 %
2014	8	8	100 %
2015	16	12	75%
2016	7	6	86%
2017	15	12	80%
5- year average	Raw data:	56/66	85 %

Job Placement Rate: This is the number of students that gain employment in the radiologic sciences *within twelve months of graduation* versus the number that graduate and are *actively* seeking employment.

Graduation year	Number of graduates seeking employment	Number of graduates employed within 12 months	Number not actively seeking employment	Employment rate
2013	19	14	0	74 %
2014	8	6	0	75 %
2015	14	11	3	78 %
2016	6	5	0	83%
2017	13	10	3	77%
5- year average	Raw data:	46/60		77%

The JRCERT has defined “not actively seeking employment” as:

1. graduate fails to communicate with program officials regarding employment status after multiple attempts **OR**
2. graduate is unwilling to seek employment that requires relocation **OR**
3. graduate is unwilling to accept employment due to salary or hours **OR**
4. graduate is on active military duty **OR**
5. graduate is continuing education.

Accreditation:

Joint Review Committee on Education in Radiologic Technology (JRCERT)
