ARTICULATION AGREEMENT**

THIS AGREEMENT, dated this 7th day of March, 2007, is made by and between, Community College of Allegheny County, hereinafter called "CCAC" and California University of Pennsylvania, hereinafter called "CAL U".

CCAC and CAL U acknowledge their shared mission to provide quality higher education programs, which meet the needs of the region and provide a workforce of highly trained residents.

The primary purpose of this agreement is to enhance the transferability between CCAC's Associate of Science Degree in Computer and Information Science and CAL U's Bachelor of Science Degree in Computer Engineering Technology. A secondary purpose is to provide faculty and administration of both institutions with more precise guidelines for advising students interested in pursuing a Bachelor of Science Degree in Computer Engineering Technology.

This agreement does not exclude students from transferring to majors other than Computer Engineering Technology. Exhibit A, consisting of two (2) pages, attached hereto and incorporated herein, outlines the courses that will be accepted from CCAC. Exhibit B, consisting of one (1) page, attached hereto and incorporated herein, outlines the courses necessary for the Bachelor of Science Degree in Computer Engineering Technology from CAL U.

I. MUTUAL TERMS AND CONDITIONS

- A. Term of the Agreement.** This agreement shall be in effect for five (5) years from the date of signature and will be reviewed annually for accuracy.
- B. Termination of the Agreement.** CCAC and CAL U may terminate this Agreement for any reason or no reason with ninety (90) days written notice from either party. Either party may terminate this Agreement in the event of a substantial breach. However, should either party terminate this Agreement prior to the completion of an academic semester, all students enrolled at that time may continue their educational experience until it would have been concluded absent the termination.
- C. Non discrimination.** The parties agree to continue their respective policies of nondiscrimination based on Title VI of the Civil Rights Act of 1964 in regard to sex, age, race, color, creed, national origin, Title IX of the Education Amendments of 1972 and other applicable laws, as well as the provisions of the Americans with disabilities Act.
- D. Interpretation of the Agreement.** The laws of the Commonwealth of Pennsylvania shall govern this Agreement.
- E. Modification of Agreement.** This Agreement shall only be modified in writing with the same formality as the original Agreement.

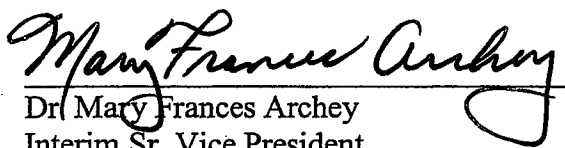

F. **Relationship of Parties.** The relationship between the parties to this Agreement to each other is that of independent contractors. The relationship of the parties to this contract to each other shall not be construed to constitute a partnership, joint venture or any other relationship, other than that of independent contractors.

G. **Liability.** Neither of the parties shall assume any liabilities to each other. As to liability to each other or death to persons, or damages to property, the parties do not waive any defense as a result of entering into this contract. This provision shall not be construed to limit the Commonwealth's rights, claims or defenses which arise as a matter of law pursuant to any provisions of this contract. This provision shall not be construed to limit the sovereign immunity of the Commonwealth or of the State System of Higher Education or the University.

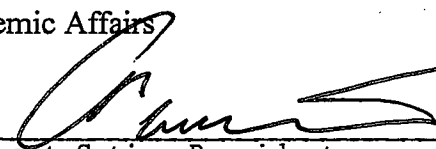

H. **Entire Agreement.** This Agreement represents the entire understanding between the parties. No other prior or contemporaneous oral or written understandings or promises exist in regards to this relationship. Any changes, corrections or additions to this contract shall be in writing in the form of a supplemental agreement signed by all necessary parties and setting forth therein the proposed change, correction, or addition.

IN WITNESS WHEREOF, the authorized representatives of the parties have executed this Agreement as of the date previously indicated.
